

WATERCOLOR

Supply list:

You can get art supplies at AZ Art Supply, located on Oracle Rd. in Tucson. They give members of the QCFPC a 20% discount on non-sale items and are very helpful and knowledgeable about art supplies. 520-388-5555

Or you can order most of the items from Cheap Joe's Art Stuff. Order online or call them. I would go online and sign up for their catalog.

www.cheapjoes.com

800 227 2788

There are several other online art suppliers that offer high quality art supplies at a discount. They are: Jerry's Artaroma and Dick Blick Art Supplies.

A plastic cover for the table.

You will need 2 water containers. Use a clean food container, (cottage cheese etc)

A medium sized sprayer bottle for wetting paint and a small Holbein watercolor bottle

Pencil and kneaded rubber eraser, or an eraser that doesn't smear the graphite

Graphite paper for tracing drawings.

Roll of Viva paper towels (they are more absorbent)

Old credit card or plastic card you don't use anymore. If you don't have this, don't worry about it.

Single edge razor blade

Masking Fluid- buy the smallest bottle. It doesn't keep well after opening.

Inexpensive brush to apply masking fluid and small bar of soap.

Masking tape, ½ inch or whatever you have handy.

Notebook.

Watercolor paint list:

Please buy professional grade paint. Student grade won't give you satisfactory results.

Permanent Rose

Antwerp or Thalo Blue (optional)

Ultramarine Blue

Cobalt Blue

Yellow-Cadmium

Yellow- Quinacridone Gold or Yellow Ochre

Burnt Sienna

Cadmium Orange (optional)

Sap green (optional)

Or buy a professional grade watercolor set with a selection of paints.

Paper: Arches or other good quality watercolor block.
(9x 12 or 10 x 14) --140# weight/ cold press...
Or sheets of 140# Paper that you can cut to the size you need. .

You can use a watercolor pad for practice. You should use good quality paper for painting pictures.

Brushes: ½" flat
1" flat
8 round
#0 Liner or Rigger brush

Palette: I prefer the John Pike palette because it is very sturdy and won't crack.
Any good palette will work as long as it has a large center or divided center mixing area.

If you don't have all of this stuff don't fret. You can borrow some things and keep adding to your collection as you continue painting.

Call me if you have questions.
